

U5 Coaches Guide and Drills

With the U5 age group our goal is to keep all players involved and active. Given the young age of these groups, the goal of each drill is to teach a small subset of underlying skills in a fun manner. This helps to keep ALL the children active, interested and having fun.

Contained in this package is a variety of sample practice and game plans, as well as a list of various drills and games. The games and drills are “self-teaching” where each child develops by simply participating and playing. Each game is designed to teach different soccer skills and concepts without “boring” the kids.

There are 6 key points that you should be concerned with when coaching the U5 division:

1. Make it FUN!! – Whether or not your players will continue to play soccer in the years to come will depend on whether it's fun. Make the games and drills fun while having fun yourself and the kids will fall in love with soccer.

2. A ball for every player – It's of utmost importance that **EVERY** player have a ball during practice. Also be sure to use a variety of drills and games so that the amount of time each player has with a ball is maximized, as opposed to watching, listening to instructions or standing in a line).

3. Choose good practice games – Avoid games that use “knock-out” or elimination games. This results in kids standing and watching others. The goal is keep all the kids involved. Also, use games that involve the parents (ie: Soccer Bees) to further enhance the players' experience.

4. Teach the following Concepts & Rules:

- i. Don't use your hands. Encourage players to use feet, legs, chest but not their arms and hands.
- ii. The concept of a “field” that has lines that they must stay within.
- iii. The concept of “our goal” and “their goal”

5. How to properly kick the ball: Focus on teaching the kids to use the inside of the foot and the instep of the foot (ie: “the laces”) and not the toe.

6. Focus on dribbling & kicking – The foundation of the game soccer is to kick the ball. All kids want to do it. Focus your drills and games on having the kids dribble and kick the ball as often as possible. The more comfortable they are kicking and dribbling the ball, the more inclined they will be to enjoy the game and actively partake in it.

Practice Plans – Keep it Simple!!

The following are some sample practice plans with approximate timings and drills/games. There are additional drills at the back of this guide. If you find the players have lost interest in a drill pick a new drill from the back pages. Most drills are set up to include a soccer ball. It is ok to start the drill without the ball and then add the ball in.

Practice Plan #1 (60 minutes)

Introductions: Gather players; have them sit in a circle. Coaches start off with introducing themselves, go around the circle and have players say their names. Have some fun with it, maybe ask them to say their name and favorite color as well.

Before Starting Warm-Ups: Teach the following Concepts & Rules:

- i. Don't use your hands. Encourage players to use feet, legs, chest but not their arms and hands.
- ii. The concept of a "field" that has lines that they must stay within.

Warm-Up: Follow The Leader (dribbling) (6:15pm – 6:20pm)

Summary: A great warm-up that teaches dribbling skills. Easy set-up and everyone has a ball.

Teaches: "Control dribbling" and "speed dribbling". The "leader" will set the various paces.

The Game: Each player has a ball. Coach starts off as leader, all others line up behind the coach and follow the coach dribbling while the coach dribbles around the field at moderate speed for about 1 minute (or, if you wish coach can speed up). Only go forward (no pullbacks), but leader can circle around and cross thru the line. Emphasize control of the ball over speed. Ask for a volunteer leader and have them lead for another minute; then a third. ***Let the kids take a quick water break.***

Basic Skills: Teach the kids simple ball handling skill. (6:20pm – 6:25pm)

- **Passing the Ball:** Teach kids how to properly kick the ball – use the inside of the foot to kick the ball and bottom of foot to stop the ball. Pair kids up with a partner. One ball between 2 kids and have them spread out (7 to 10ft apart). Have them pass the ball back and forth. Emphasize concepts – inside of foot to kick and the bottom of foot to stop the ball. ***Let the kids take a quick water break.***

Drills: (6:25 pm – 6:45 pm)

1. **Coach Says** (5-10 minutes) Summary: Simple fun game for U5. Similar to "Simon says", but instead with soccer related activities.
Teaches: Control dribbling, kicking/shooting the ball, stopping and changing directions.
Set-up: Each player has a ball. Mark off an appropriate sized area to play.

The Game: Players spread out and coach stands in the middle among them. Coach will give various instructions (dribble, stop, turn, faster, slower, shoot on goal, etc.). Every time “coach says” is used, the players must perform the task. If “coach says” is not used, players must stand with their foot on top of the ball or continue doing the previous task.

2. **What Time is it Mr. Wolf?** (5-10 minutes) Summary: Similar to childhood game, except players have a ball with them.

Teaches: Control dribbling, speed dribbling, change of direction, stopping.

Set-up: Each player has a ball. Mark off an appropriate sized area to play.

The Game: Players space out on one side of the playing area with a ball at their feet. Mr. Wolf (coach) stands on the other side with his back turned to the players. Players yell out “what time is it Mr. Wolf” and take that many steps while dribbling the ball. When coach yells “It’s dinner time!” players quickly turn and dribble back to their starting line.

Time for a quick water break!

Review: (6:45 pm – 6:50 pm) – Quick review of rules and concepts learned today. (Not using hands, using inside of foot to kick ball and bottom of foot to stop ball). Prepare players for game versus the opposing team. The concept of “our goal” and “their goal”. Review with the players who is on their team so they know who to be passing the ball to. Arrange your first line of players and your second line of players.

Game: (6:50 pm - 7:15 pm) *One coach out on the field, other coach sits on the sideline with players waiting for substitutions. Coach on sideline keeps track of time – substitutions to happen every 3 to 4mins.*

Play the weekly game versus the opposing team. Again the focus is to get every player involved and chasing the ball. No score will be kept and no players will play goalie. Substitutions (line changes) should be made every 3-4 minutes to balance the amount of time played by each player. At the end of the game, line the players up to shake hands of opposing team. (Players line up, high-five opposing team players exchanging “good game”)

Final huddle with your team – provide positive reinforcement with your players. All players put hand in, on count of 3 cheer “Soccer” or something like “we love soccer”!

Drills: (6:25 pm – 6:45 pm)

1. Clean Your Room

Summary: Fun, straight forward drill that works foster team work and movement.

Teaches: Passing, teamwork, control dribbling, turns

Set-up: Mark off an appropriate sized area to play. Mark out a line with cones to separate the play area in half. Every player with a ball. Split players into two teams

The Game: Have each team stand in their half of the play area with their balls. When the coach yells “GO”, each team must pass their ball into the other teams “room” or half. Once a ball comes back into their room area, they should once again control and kick it back.

Comments: Make sure proper passing technique is used with the inside of the foot. If the ball is kicked past a player, they should chase after it, stop and turn and dribble it back into their room so they can pass it back.

2. Treasure Hunt

Summary: Coach drops about 20 “treasures” around the field (2 or 3 per player). Treasures can be anything, including disk cones, but should be something the players can find and hold onto while dribbling.

Teaches: Control dribbling, stopping turning with ball.

Set-up: Use cones to make a square within which the treasures will be found (or use half the field). Choose treasures and scatter around the square. Each player has a ball and starts in the center of the square.

The Game: On “GO”, players dribble and collect their appropriate amount of treasures.

Comments: Game can be further expanded to have each player get as much treasure as they can to see who gets the most, either as an individual or part of a group

Time for a quick water break!

Review: (6:45 pm – 6:50 pm) – Quick review of rules and concepts learned today. (Not using hands, using inside of foot to kick ball and bottom of foot to stop ball). Prepare players for game versus the opposing team. The concept of “our goal” and “their goal”.

Game: (6:50 pm - 7:15 pm) *One coach out on the field, other coach sits on the sideline with players waiting for substitutions. Coach on sideline keeps track of time – substitutions to happen every 3 to 4mins.*

Play the weekly game versus the opposing team. Again the focus is to get every player involved and chasing the ball. No score will be kept and no players will play goalie. Substitutions (line changes) should be made every 3-4 minutes to balance the amount of time played by each player. At the end of the game, line the players up to shake hands of opposing team.

Additional Drills:

Soccer Cleats Game

Summary: Soccer Cleats will become an important piece of footwear for many children and hopefully for many years. This fun game called 'head, shoulders, knees and ball' is a fun game for the U5 age group

Teaches: Balance, using both feet Set-up: Every player with a ball.

The Game: Players stand around the coach with their ball close to them but not touching it. When the coach says a body part, the players must touch that body part (ie: head, nose, ears, etc.). When the coach says “BALL”, they must put a foot on top of the ball as quickly as possible.

Comments: Experiment with different body parts to make it fun. Get them to lightly stretch by having them touch their toes or the sky. Also use words that sound similar to “ball” such as back, belly or bottom/bum. This can trick the youngsters and always gets a laugh!!

Egg Hunt

Summary: Simple fun game for U5

Teaches: Running, dribbling, kicking/shooting the ball.

Set Up: Mark out playing area. The net should be included in the playing area.

The Game: Scatter the balls at the end of the playing area opposite of the net. Have players line up along the end line by the net. On “go” players will run and find their egg(ball) and dribble back and put in the basket(score in goal).

Comments: Add a little obstacle course, set up some cones that once kids find their egg they need to dribble ball through the cones before putting the ball in the basket(score in goal).

Hit the Coach!

Summary: Simple fun game for U5.

Teaches: Control dribbling, kicking/shooting the ball

Set-up: Each player has a ball

The Game: Players stand shoulder to shoulder facing the coach who is about 5 steps away. On “GO”, the coach runs slowly away while players dribble to chase him and try to hit him with the ball by shooting at him. They get 1 point each time they hit him. Recruit parents to help and split the game into 2 games so it is less crowded. Stay in a small area and have fun!!

Freeze Tag

Summary: Simple fun game for U5

Teaches: Control dribbling, change of direction

Set Up: Mark off designated playing area. Every player has a ball.

The Game: Coach starts off as being the tagger. On “go” players dribble ball around in playing area while coach tags “freezes” as many players as possible. If player is tagged he/she must pick up the ball and hold over their head and spread their legs. They should be encouraged to shout “help” as loud as possible. To get unfrozen another teammate must dribble to and pass ball through the spread legs of the frozen player. Once the player is unfrozen, he/she resumes dribbling in playing area.

Comments: Players need to stay in playing area; if they dribble outside of the playing area they are frozen and will need to be helped. Players should be encouraged to keep head up while dribbling to see where the tagger is. Switch it up and have another player be a tagger as well.
